

HS-115

Ear-Hook PC Headset

Noise Canceling Microphone for VoIP

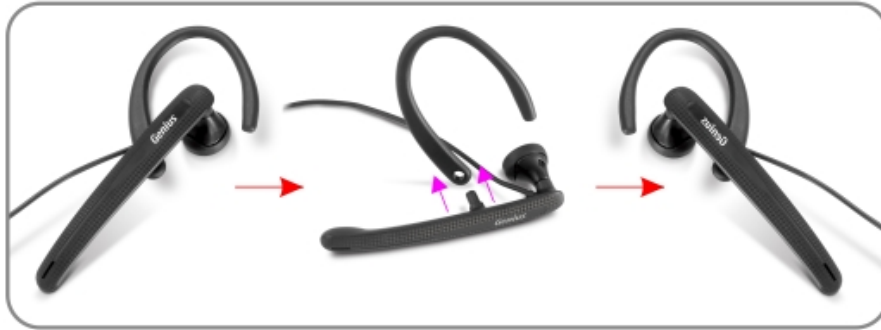

Here's the latest PC ear hook headset from Genius: HS-115. Made with soft, comfortable material, the specially designed ergonomic clip-on hook fits perfectly on either ear. It features an on-line volume control and microphone mute function that is convenient during communication. In addition, the noise-canceling microphone reduces most of the background noise so you won't miss anything when having a chat.

The HS-115 is perfect for online chatting with MSN, Yahoo Messenger, and Skype. For more information, contact your sales representative.
