

### MaxFire G-08X2

Basic Gamepad for PC

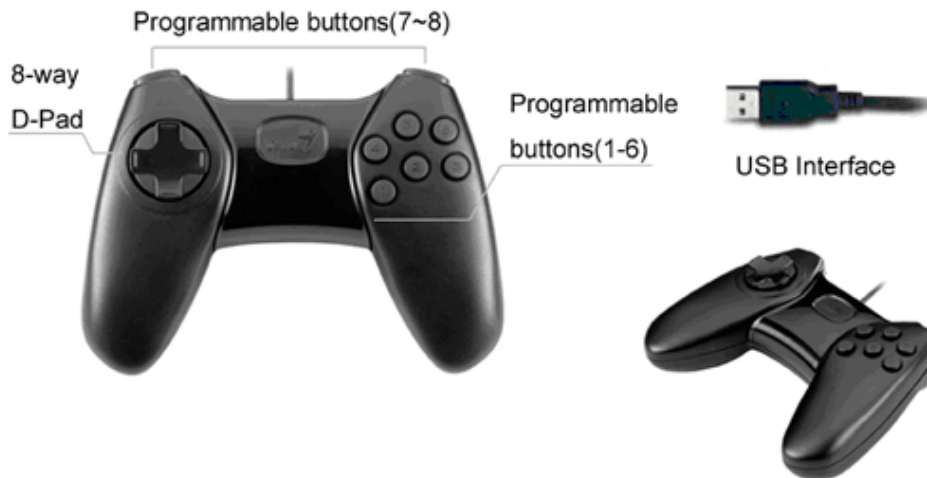

MaxFire G-08X2 is the latest gamepad from Genius especially designed for the PC fighting gamer. The streamlined, stylish shape fits fighting games perfectly. Eight programmable buttons on the top and front provide the best control for fighting games such "Street Fighter", "The King of Fighters", "Tekken" and "Soul Calibur". Just plug MaxFire G-08X2 into the USB interface on your PC, and you're ready to begin the battle immediately.
