

### Traveler 6000X

Basic Wireless Optical Mouse

- 2.4GHz comfort optical mouse
- 1200 dpi optical sensor for smooth movement control
- Plug and forget USB Pico receiver
- Power switch to extend battery life
- Suitable for either hand

Genius introduces a new wireless optical mouse - Traveler 6000X. It has a streamline design with comfortable to use, and is great for either hand.

Featuring superb 1200 dpi accuracy, Traveler 6000X provides great cursor movement control for browsing documents or Internet pages. The Pico receiver is ideal because of its mini size; just leave it in your notebook when you're moving around the office. Comes with bundle package; small and fine design.
