

Oregon® 550

Part Number: 010-00697-10

- **Overview**
- **Specs**
- **In the Box**

The navigator with the photographic memory! Oregon 550 combines rugged outdoor touchscreen navigation with a 3.2 megapixel digital camera. Add high-sensitivity GPS, barometric altimeter, 3-axis electronic compass and a microSD™ card slot, and what do you get? A multipurpose device that will make your biggest adventures even more memorable.

Take Pictures and Save Locations

Capture locations and memories with Oregon 550's 3.2 megapixel autofocus digital camera with 4x digital zoom. Each photo automatically is geotagged with the location of where it was taken, allowing you to navigate back to that exact spot in the future. Snap and view pictures in landscape or portrait orientation. With 850 MB of internal memory, you'll never miss a photo opportunity. To store online, simply connect Oregon 550 via USB and visit [myDashboard](#) to upload and store your photos at Picasa™, a popular online photo sharing community. For more storage, insert a microSD card; you can even view pictures from other devices on microSD with Oregon's picture viewer.

Touch and Go

Oregon 550 makes rugged navigation effortless with a tough, 3" (7.62 cm) diagonal, sunlight-readable, color touchscreen display. The interface is easy to use, so you'll spend more time enjoying the outdoors and less time searching for information. Both durable and waterproof, Oregon 550 is built to withstand the elements; bumps, dust, dirt, humidity and water are no match for this rugged navigator.

Get Your Bearings

Oregon 550 has a built-in 3-axis tilt-compensated electronic compass, which shows where you're heading even when you're standing still, without holding it level. Its barometric altimeter tracks changes in pressure to pinpoint your precise altitude, and you can use it to plot barometric pressure over time, which can help you keep an eye on changing weather conditions. And with its high-sensitivity, WAAS-enabled GPS receiver and HotFix® satellite prediction, Oregon 550 locates your position quickly and precisely and maintains its GPS location even in heavy cover and deep canyons.

Share Wirelessly

With Oregon 550 you can share your waypoints, tracks, routes and geocaches wirelessly with other compatible Oregon, [Colorado®](#) and [Dakota®](#) users. Now you can send your favorite hike to your friend to enjoy or the location of a cache to find. Sharing data is easy. Just touch "send" to transfer your information to similar units.

Add Maps

Adding more maps is easy with Garmin's wide array of detailed topographic, marine and road maps. With its microSD™ card slot, Oregon 550 lets you load [TOPO U.S. 24K](#) maps and hit the trail, plug in [BlueChart® g2](#) preloaded cards for a great day on the water or City Navigator map data for turn-by-turn routing on roads (see maps tab for compatible maps). Oregon 550 also supports [BirdsEye Satellite Imagery](#) (subscription required), that lets you download satellite images to your device and integrate them with your maps.

Find Fun

Oregon 550 supports [OpenCaching.com](#) GPX files for downloading geocaches and details straight to your unit. By going paperless, you're not only helping the environment but also improving efficiency. Oregon stores and displays key information, including location, terrain, difficulty, hints and descriptions, which means no more manually entering coordinates and paper print outs! Simply upload the GPX file to your unit and start hunting for caches. Show off photos of your excursions with Oregon's picture viewer. Slim and lightweight, Oregon is the perfect companion for all your outdoor pursuits.

Oregon 550: Picture the great outdoors.

Physical & Performance:

Unit dimensions, WxHxD:	2.3" x 4.5" x 1.4" (5.8 x 11.4 x 3.5 cm)
Display size, WxH:	1.53"W x 2.55"H (3.8 x 6.3 cm); 3" diag (7.6 cm)

Display resolution, WxH:	240 x 400 pixels
Display type:	transflective color TFT touchscreen
Weight:	6.8 oz (192.7 g) with batteries
Battery:	2 AA NiMH batteries (included)
Battery life:	16 hours
Waterproof:	yes (IPX7)
Floats:	no
High-sensitivity receiver:	yes
Interface:	high-speed USB and NMEA 0183 compatible
Maps & Memory:	
Basemap:	yes
Preloaded maps:	no
Ability to add maps:	yes
Built-in memory:	850 MB
Accepts data cards:	microSD™ card (not included)
Waypoints/favorites/locations:	2000
Routes:	200
Track log:	10,000 points, 200 saved tracks
Features & Benefits:	
Automatic routing (turn by turn routing on roads):	yes (with optional mapping for detailed roads)
Electronic compass:	yes (tilt-compensated, 3-axis)

Touchscreen:	yes
Barometric altimeter:	yes
Camera:	yes (3.2 megapixel with autofocus; 4x digital zoom)
Geocaching-friendly:	yes (paperless)
Custom maps compatible:	yes
Photo navigation (navigate to geotagged photos):	yes
Outdoor GPS games:	yes (Wherigo only)
Hunt/fish calendar:	yes
Sun and moon information:	yes
Tide tables:	yes
Area calculation:	yes
Custom POIs (ability to add additional points of interest):	yes
Unit-to-unit transfer (shares data wirelessly with similar units):	yes
Picture viewer:	yes
Garmin Connect™ compatible (online community where you analyze, categorize and share data):	yes
